The **deadline** for those who wish to participate in the congress with abstracts (between 200-400 words), works (exhibition documents and images of work) or both is **24th May 2021**.

All abstracts and full papers accepted by the Science and Art Committee will be published in the congress proceedings book, and an e-catalog will be prepared from the works accepted for the exhibition. Participation certificates will be sent online to all participants. Full-text papers to be selected with the recommendation of the Science and Art Committee will also be published in 2021 and 2022 special issues of the "Art and Design Research Journal (STAR)" published by the Fine Arts Faculty of Niğde Ömer Halisdemir University.
