Introduction

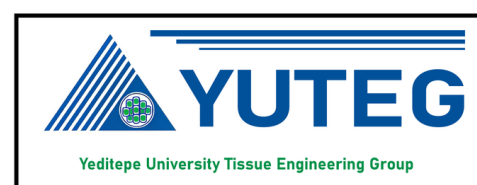

The 30th International Symposium on Biomedical Science and Technology (BIOMED 2026) will take place on 23–25 October 2026 at Yeditepe University, Istanbul, Türkiye.

BIOMED is a well established scientific event that has been bringing together researchers, clinicians, engineers, and medical industry representatives working in the fields of biomaterials, tissue engineering, and regenerative medicine.

The symposium aims to create an interdisciplinary platform since 1994 to share recent advances, foster collaborations, and discuss emerging challenges in biomedical science and technology.

BIOMED 2026 will focus on innovative approaches in biomaterials, tissue engineering, nanotechnology, cell based therapies, and advanced biofabrication techniques that shape the future of healthcare.

ABSTRACT SUBMISSION STARTS ON JUNE 1, 2026.

23-25 October 2026
<https://biomed2026.yeditepe.edu.tr>

Key Informations on Abstract Guidelines

Please submit your extended abstracts in accordance with the submission rules outlined in the template.

- Only MS Word format is accepted.
- The name and surname must be present on the Word file.
- Abstract submission is required for both oral and poster presentations.
- The event is a peer reviewed scientific activity in which submitted abstracts will undergo evaluation by independent reviewers (peer review/blind review) before acceptance.

Practical Notes for Authors

Language: English

Submission: via official website

Presentation type: Oral / Poster

Keywords: 5 keywords

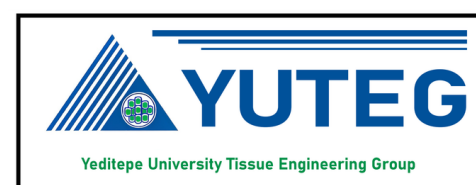

23-25 October 2026
<https://biomed2026.yeditepe.edu.tr>

Scientific Topics

- Advanced Biomaterials
- Tissue Engineering
- Regenerative Medicine
- Stem Cell Technologies
- Cell–Biomaterial Interactions
- Biofabrication
- Bioprinting
- In Vitro Tissue and Disease Models
- Organoids
- Biological Matrices
- Grafts
- Bioadhesives
- Bioceramics
- Nanobiocomposites
- Nanomedicine
- Drug and Gene Delivery Systems
- Biosensors and Theranostic Systems
- Bioimaging
- Computational Modeling
- Artificial Intelligence
- Bench-to-Bedside Translation
- Commercialization

23-25 October 2026

Important Dates

Early Registration

20 June – 31 August 2026

Abstract Submission

20 June – 30 September 2026

Registration

01 September – 22 October 2026

For questions about the symposium, submissions, and registration, please contact: biomed2026@yeditepe.edu.tr
