IMPPC 2027

3 INTERNATIONAL
Molecular Plant Protection Congress

Meet the legends who shaped **molecular biology.**

Nobel Laureates at IMPPC2027

Brian Kobilka

Nobel Laureate in Chemistry - 2012

Studies of G-protein–coupled receptors (GPCRs)

Stanford University School of Medicine, USA

Craig C. Mello

Nobel Laureate in Physiology or Medicine - 2006

Discovery of RNA interference (RNAi)

University of Massachusetts Medical School, USA

Martin Chalfie

Nobel Laureate in Chemistry - 2008

Pioneering the use of GFP as a biological marker

Columbia University School of Biological Sciences, USA

Experience Nobel-level science at the **3rd International** Molecular Plant Protection Congress

May 23–27, 2027 | Limak Limra Hotel, Antalya, Türkiye
